The Practice: This practice was initiated by the staff and respected citizens in the memory of their beloved ones. Uniqueness of this practice exists in the fact that all the faculties are promoting their respective fields so as to motivate the students, to orient in the particular field. In the first staff council meeting of academic session 2017-18 the idea of this practice was discussed. Then after, it was challenging for the administration to search for the donors sponsoring these awards. With the passage of time people from Janbhagidari samiti and the honourable MLA also appreciated the initiation and shown their interest in sponsoring the awards. For the selection of students in different categories a selection committee was framed including senior faculty members. A definite criterion was framed by the committee for the selection of students in variouscategories and the list of eligible students was displayed on the notice board for any kind of objections. With all these efforts we have started the practice which is running successfully.

Evidence of Success: After the implementation of this practice we noticed in the result analysis that, the number of meritorious students was increased. Especially in the science faculty the number increased from three to ten. We hope in the coming years the number will increase more and we will get much better results.

Problems Encountered and Resources Required: First the amount required for the practice was collected and the collected fund was deposited in bank, and the interest money is

used to continue this practice.Searching for new donar and managing the fund through out the year converting it to gold medals are such a tedious job.At this session due to covid situation annual day of gold medal distribution couldnt be performed but the list of gold medal winner are finalized, which will be distributed soon.

2. Classess for competitive examination

Objective :- To provide a guideline for competitive exam after graduation during graduation like PSC, SCC, Railway, Banking and various equivalent exams. To make student aware of these exam so that they can appear at right time. To make the student capable of fighting competitive exams. To help student in getting jobs in various posts which are being filled by the competition.

The Context :-The concept of taking class for compititive examination is proposed by staff members and Principal in staff council meeting at 2017-18 session. So from that time we continuously organising classes for student who are intrested. In this academic session also To make students aware of the competition world and enable them to face the challenges to achieve the target.

The Practice :- The Career guidance cell of our college is untiredly working to develop competition skills among students of our college. In the beginning of session 2019-20 in the Staff Council Meeting the career council cell proposed a plan to start classes for competitive exams for the aspirants of PSC, SSC, Banking etc. The plan was welcomed by all the staff members and head of the institution. After acceptance by the staff and with the permission of principal the career guidance cell has convened the program with the expectation of getting satisfactory results. the program was planned to take two classes in a week by two different subject experts. In the last week of every month the test series have organized and the best student (1st ranker) was felicitated and encouraged with certificate and prizes. In the session 2019 a total of 196 students get registered. out of them 8 students were benefitted and cracked the various competitive exams. Successively in year 2020 a total of 116 students get registered out of them 12 were benefitted. The council found that the results are quite satisfactory so the council decided to promote this program in next session with cooperation of all the subject experts.

Evidence of Success :- As a result of this program 8 students in 2019 and 12 students in 2020 were qualified the preliminary stage of State public Service Commission.During session of 2020-21due to covid no more exam are conducted by recruiting agencies so that no more results or record are known but te practice is continue and we are sure about there implementation and result.

Problem encountered :- To make students aware and to bring them to such class is tough task because along with regular class they avoid to participate in extra activity. But we regularly make a conversation with the student and make them understand the need of such class.
