CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The session usually starts from the month of July. It starts with an orientation program for fresher's in which they are introduced to the institution with its vision and mission. They are made aware about their course curriculum and outcome, achievements of the college, code of conduct of the college, expectation of the college etc. They are also made aware about the university enrolment and examination procedures and academic calendar. The teachers also plan their activities as per a college calendar which in turn is made on the basis of university and calendar issued by department of Higher Education, Govt. of Chhattisgarh. The curriculum is designed by the affiliating university i.e. Pt. Ravi Shankar Shukla University Raipur (C.G.). The teachers well plan and execute their lessons and keep track of the same in their daily diary. The daily diary is cross checked by their authority frequently. Frequent meetings are held with the principal on the curriculum delivery. ICT (information and communication Technology) classes are planned according to the curriculum and followed by the teachers in their respective lecture sessions. ICT helps in keeping the students updated with the curriculum and enriches the teaching-learning process. Apart from conventional chalk & talk method the curriculum is delivered with the help of class room seminars, projects, field projects, educational tours and conducting guest lectures. For effective implementation of the curriculum, joint efforts are made by all faculty members, head of the institute and the students. In the beginning of the session, various committees are formed by the principal. Some examples are as follows -

- A consolidated time table of three faculties is framed by the time table committee which is displayed on the notice board of college/departments and also uploaded on college website.
- Regular meetings are taken by various committees to distribute the academic and extracurricular activities.
- Attendance registers and daily dairies of the teachers are regularly reviewed by the principal.
- Teachers visit library and use internet regularly.
- Unit test and other examinations are conducted strictly as per academic calendar.
- Taking extra classes Advance learners.
- Giving extra attention to the slow learners.

Further to have assessment of student's performance mid-term examination and pre-university examinations are conducted. It is compulsory for the students to appear in those examinations. The performances of the students are monitored and necessary steps are taken to improve the performance by discussions during the lecture session. Where ever necessary extra classes are arranged. The routine time table also has provisions for tutorial classes and remedial classes. Apart from the academic, Yoga classes are scheduled for mental peace of the students by an eminent yoga teacher. Also, NSS camp of 7 days is scheduled every year to make them aware of social activities. NSS activity includes blood donation, tree plantation, Swachhta Abhiyan etc. Spoken tutorial classes are also scheduled for the betterment of the students so that they compete with the competitive world after the completion of the selected

course in the institution.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

We strictly following the academic calendar given by the affiliating university. Due to the current pandemic situation the final year ending exams as well as the semester exams were affected. Amid this pandemic situation the faculty and staff of our college have done remarkable job to conduct the process of examination. Due to their endless support this task has come to an end. The college has formed the Internal vigilance committee for internal examinations and frequent visits of the committee are arranged during examination to check the transparency in the functioning. Class tests, unit

tests, quarterly, half yearly and Pre-final exam are taken, answer sheets are evaluated and results are prepared. Pre- examination And post-examination meetings of the Examination committee, make it possible to ponder over and evaluate the functioning of examination. To refine the critical thinking among students various group discussions, Quiz ,Objective tests ,seminars and workshops , essays writing, (G.K) General Knowledge competitions are organized in which students explore new ideas and thus enhances their performance levels. Exceptionally sometimes we conduct the mid exam for the absentees in case if one is meritorious student or participating in National and state levels sports or in NSS or NCC camps. Remedial measures are taken by conducting tutorial classes to clarify doubt and re-explaining the critical topic. Some of the PG departments are running programs like "Pariksha Par Charcha" to make the process of semester exams convenient to the students. The internal evaluation process of the Semester classes is also made transparent. Conducting test series for students is also a regular practice opted by the teachers. These reforms have resulted in substantial improvements in student's performance through comprehension of difficult topic, improved time management, enhanced writing skills and individualized attention resulting in refining their cognitive, psychomotor and affective domains of learning. This has significantly enhanced the percentage and academic excellence of students.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college has undertaken following for transparent and robust mechanism. The Principal forms the examination committee and appoint a senior professor as college Examination officer (CEO) and examination committee monitors internal assessments related activities throughout the year. The records of internal assessment is kept in the examination department and respective academic departments. Important circulars and notices regarding the evaluation process are displayed on the college notice boards. For internal assessment, the college takes class tests, unit tests, and monthly test of the students. The programs of these internal valuation test are designed by Higher Education Department of the state and the college follows it strictly. In semester examination (i.e., for PG courses) we conduct internal assessment examinations as per Pt. Ravishankar Shukla University Raipur (C.G) rules. To maintain transparency, the assessed answer sheets and marks of term examination are displayed to students in classrooms. The model answers are discussed with the students. Laboratory practical: - practical of various subjects of science assess the understanding and applications of those subjects. The students are informed about the system beforehand. The overall performance is reflected in their practical marks. Masters Programs like M.A (Hindi), M.A (political science) M.sc (Mathematics) have semester system. Multiple choice Questions, PPT, chart making etc. are internally assessed for the above subjects.

3. Green Landscape
4. Plantation in the campus
5. Waste Management

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Title of the practice: Gold medal to meritorious students

1. Objectives of the Practice: The main motive behind this practice is to encourage students for better academic performance and co-curricular activities. Along with this objective is to develop healthy competitive environment among students. As the gold medal is sponsored by various faculty members of this institution and other respected citizens from the local community this will strengthen the bondage between the students and the teachers as well the stakeholders.

2. The Context: There is provision in our institution to encourage meritorious students by providing certificate in the annual prize distribution ceremony. But, this practice was initiated to highlight the qualities in the student and also make student more focussed in their academic activities.

3. The Practice: This practice was initiated by the staff and respected citizens in the memory of their beloved ones. Uniqueness of this practice exists in the fact that all the faculties are promoting their respective fields so as to motivate the students to orient in the particular field. In the first staff council meeting of academic session 2017-18 the idea of this practice was discussed. Then after, it was challenging for the administration to search for the donors sponsoring these awards. With the passage of time people from Janbhagidari samiti and the honourable MLA also appreciated the initiation and shown their interest in sponsoring the awards. For the selection of students in different categories a selection committee was framed including senior faculty members. A definite criterion was framed by the committee for the selection of students in various categories and the list of eligible students was displayed on the notice board for any kind of objections. With all these efforts we have started the practice which is running successfully.

4. Evidence of Success: After the implementation of this practice we noticed in the result analysis that, the number of meritorious students was increased. Especially in the science faculty the number increased from three to ten. We hope in the coming years the number will increase more and we will get much better results.

5. Problems Encountered and Resources Required: The problem encountered was already discussed in earlier sections of this format. First the amount required for the practice was collected and the collected fund was deposited in bank, and the interest money is used to continue this practice.

Title of the practice: Free coaching classes for PSC, SSC, Banking etc. exams

1. Objectives of the practice- To motivate students to choose State and Central Administrative services as career options

2. The Context: To make students aware of the competition world and enable them to face the challenges to achieve the target.

3. The Practice :- The Career guidance cell of our college is untireedly working to develop competition skills among students of our college. In the beginning of session 2019-20 in the Staff Council Meeting the career council cell proposed a plan to start classes for competitive exams for the aspirants of PSC, SSC, Banking etc. The plan was welcomed by all the staff members and head of the institution. After acceptance by the staff and with the permission of principal the career guidance cell has convened the program with the expectation of getting satisfactory results. the program was planned to take two classes in a week by two different subject experts. In the last week of every month the test series have organized and the best student (1st ranker) was felicitated and encouraged with certificate and prizes. In the session 2019 a total of 196 students get registered. out of them 8 students were benefitted and cracked the various competitive exams. Successively in year 2020 a total of 116 students get registered out of them 12 were benefitted. The council found that the results are quite satisfactory so

the council decided to promote this program in next session with cooperation of all the subject experts. 4. Evidence of Success :- As a result of this program 8 students in 2019 and 12 students in 2020 were qualified the preliminary stage of State public Service Commission.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The establishment of the college was held in August 1989 in Shankarnagar, Raipur Chhattisgarh. At that time the college was conducted in middle school campus having only three class rooms and a lab. In the year 2010 the whole setup of the college was shifted to Dharsiwa block of Raipur District where it was conducted temporarily in a community hall named Mangal Bhavan. The college was started with a strength of approximately 180 students later on when the college was shifted to its own building (newly constructed) in 2014 the strength become progressive. Now our college have a campus that covers a total of 12 acres land. At present our college is a three floored building with a total of 21 classrooms. The open space in between the main building which is covered by the four sided walls is used as indoor games like tennis, volley ball and cultural activities. the college campus is surrounded by green landscape naturally as well as artificially developed. The college is situated near the National highway which is easily approachable for all. The college is well connected to Raipur Railway station and Airport. The institute is facilitated with girls' hostel and a mini stadium too. At present in our college total enrolled students are nearly 1100. Most of the students are belonging to the financially weaker segment. Their parents are farmers, workers in industries. some of the students are also doing part-time jobs along with their college studies. We faculty members motivate and help these students by providing books, notes and study materials. Also, the students are encouraged to share their personal issues so as to resolve them. The faculty members are opting best teaching learning techniques to make the learning process more students' friendly. Time to time the students are motivated to participate in academic activities conducted in the campus as well as outside the campus (organized by other institutes). The faculties are in regular contact with our Alumni (our students studying in other institutes and those who are not pursuing higher studies). Any scheme/ program from government and non-Government organisations that are beneficial for them are informed to them through Whatsapp and personal contacts. Due to the situatedness of the college nearby the industries the college takes some advantages from the industrial administrations like, funding for seminars, arrangement of temporary faculties, providing physical facilities and development of college infrastructure. The college administration is also getting the support from the MLA of Dharsiwa and Janbhagidari Samiti members also. The college has mobilized funds through Janbhagidari Samiti every year. These funds are utilized to improve the infrastructural facilities, students support facilities etc. The IQAC committee is continuously working for the quality improvement of the college. The best possible schemes are programs are planned by the committee to enhance the quality. In this sequence the Academic audit is a regular activity of IQAC apart from this green audit and feedback from the stakeholders is also one of the important activity.

8.Future Plans of Actions for Next Academic Year

Future plans for next academic year Our institute is running in Dharsiwa since 2014. From the beginning it is facing so many challenges to hold a good position in the list of Higher Education institutes in the state. In spite of all the weaknesses and challenges our staff members are trying their best for the quality enhancement of the institute. After discussion with the members of IQAC, (in the meetings) the college administration has kept the following points as our future plans for the coming academic year.

- To organize the series of National Seminar i.e. NSAMSISA- 2021, which was organized in January 2020. The faculty has submitted proposal to the Chhattisgarh Council of Science and Technology and Department of Higher Education for funding.
- To organize lectures series by various departments in order to provide a platform to the students to interact with faculties of other institutes.
