

Feedback Analysis Session 2020-21

Govt. Pt. Shyamacharan Shukla College Dharsiwa, Raipur (CG)

Students Feedback

The Internal Quality Assurance Cell regularly take feedback from the students who are one of the important stakeholders of our college. The objective of taking feedback from the stakeholders is to minimize the weaknesses by utilizing the available resources. This is definitely help us in finding new achievements.

This year we have developed online feedback system through Google forms to maintain the COVID-19 protocols. Since the complete session was conducted online, we have included questionnaire based on the online teaching learning methods, laboratory, library, sports and other facilities, contents of curriculum, examination and evaluation process etc. The Google forms link was shared to the students to the WhatsApp group and the responses were recorded. We have recorded the responses of more than 600 students in the feedback from all the faculties. Maximum number of students appreciated the efforts done by the teachers and administration to conduct this session amid the pandemic situation. The percentage of syllabus covered by the teachers is 70-85% as said by 45% of students. Few students said teachers need to prepare before the lectures. Most of the students appreciated the support given by the teachers for their upliftment. Regular tests, competitions, projects, assignments, activities were conducted throughout the session. Teachers give career guidance and counselling to the students often.

Few of suggestions given by the students: -

1. Some courses and classes to be conducted other than the course curriculum.
2. To start offline classes because of the network related issues in the rural areas.
3. The offline classes help in improving the personality.
4. Shortage of books in library.
5. Skill development courses needs to be started.

6. Need of placement camps
7. Library reading facility should be made available to the students.
8. Scarcity of pure drinking water and tap near parking place.
9. Computer classes.
10. Conditions of laboratory should be improved, few more teachers should be there for Chemistry, Mathematics and Zoology classes.
11. Few more webinars and seminars.

The feedback given by the students has been discussed with the faculty, staff and other members of IQAC. The faculty and administration are trying to work on the suggestions given by the students.

Feedback from teaching staff

Suggestions received from parents: -

- ICT facilities to be improved in the college.
- Project should be made mandatory for UG and PG students.
