**Report of
NATIONAL SCIENCE DAY CELEBRATION-2023**

27th-28th Feb. 2023

**Sponsored by- Chhattisgarh Council of Science And Technology (CGCOST)
&
National Council for Science and Technology, DST, GOI, New Delhi**

Organized by- Faculty of Science

Theme- Global Science for Global Wellbeing

National Science Day (NSD) is celebrated in India on February 28 each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman on 28 February 1928. NSD is now celebrated all over India in various schools, colleges, universities and other academic, scientific, technical, medical and research institutions. On the occasion of NSD many activities like Science popularization lectures, documentaries, various competitions and other events are conducted in schools and colleges on this day. In this regard the Faculty of Science of Govt. Pt. Shyamacharan Shukla College Dharsiwa, Raipur has organized National Science Day Celebration-2023 on 27th – 28th Feb. 2023. On this occasion various scientific events were organized to develop awareness about recent developments in science and also to develop scientific temperament among the students. The programme consists of various activities like Poster making competition, Science Models competition and quiz competition. All these events were focused on the theme- Global Science for Global Well-being.

Day – 1

On 27th Feb. from 11am to 12:30 pm, an invited talk on theme was delivered by Dr. Govind Prasad Sahu, Assistant Professor, Dept. of Mathematics, Centre for Basic Science, Pt. Ravishankar Shukla University Raipur (CG). Dr. Sahu explained the significance of the theme talking examples from G-20 summit and After the invited talk Science Models Competition from 1:00pm to 2:00 pm, Poster making competition from 2:00 pm-2:30pm and quiz competition from 2:30pm to 3:30 pm was conducted.

Day -2

On the second day on 28th Feb. from 11am to 12:30 pm, another invited talk on theme was delivered by Prof. Dr. Anjali Oudhia, Professor, Dept. of Physics, Govt. Nagarjun PG College of Science Raipur (CG). She explained in detail about the theme of NSD and its relevance to present day. While explaining the theme she used the Situation of Pandemic (COVID -19) as a case study where the scientists from all the fields of science contributed to produce the COVID -19 vaccine for the social wellbeing. She elaborates how the various people from physics, chemistry, biological sciences and high energy sciences came into a platform to fight against this vulnerable condition.
